BACHELOR OF INFORMATION TECHNOLOGY	Nov 2020 – Nov 2022
Kent Institute	Sydney
<i>Key Subjects: Data Structure and Algorithms, Webpage Design and Development, Project & Quality Management, Cloud and Beyond and Software Engineering.</i>	
BACHELOR OF INFORMATION TECHNOLOGY	Feb 2020 – Nov 2020
Federation University	Sydney
<i>Key Subjects: Communication and Technology, Cloud and Enterprise Computing.</i>	

PROJECT

Shoe Trek – Shoe Ecommerce Store

Tools:	React, Redux, TypeScript, JavaScript, Express.js, Node.js Tailwind CSS, Figma, Firebase, Git, Stripe, Agile and Scrum.
Description:	Using modern tools and techniques, I have built a user-friendly online store. It includes easy-to use web pages made with React and Redux, error prevention with TypeScript, and user-friendly design with Figma. Customers can add items to their cart, make secure payments using Stripe, register and log in, leave reviews, reset passwords, edit profiles and many more.
Result:	Enhanced technical, problem-solving, project management skills.
